

This is a Budget Overview for the fiscal year 2024-25 for the Kern County Cemetery District. The first column shows the previous years budget as adopted and/or adjusted. The second column is the estimated/actual income and expense for this past year, and the third column is the proposed budget for the upcoming fiscal year. This Draft Summary and Details is to give the Trustees a look at the estimated income and costs, when finalized the budget will be drafted into a final overview which will be made available to the public.

**REVENUE:**

The Proposed 2024-25 column indicates the income anticipated for the next fiscal year as derived from burials, property tax and miscellaneous income including any transfers from reserve funds for capital projects. This income includes any price increases previously authorized by the board and an estimation of the property taxes to be received in the next budget year.

**EXPENSE:**

The Proposed 2024-25 column shows the anticipated expenses for the next fiscal year including operational costs, personnel, capital outlay and the operational reserve needed to work through December. The current contract MOU with employees and the contracted obligations are included.

**AT NEED CASH SALES:**

At need cash sales are burials that have not been sold as a pre-need by contract with the Kern County Cemetery District. These sales are indicated in the Prior Year Budgeted, Actual, and Projected Target income for these burials. We are seeing a continuing rise in cremation burials, both in-ground and niche. This number of burials is traditionally relatively stable, but with the continued changes that we have seen in cremation burials, we are adjusting the income to reflect that change.

The Property Tax Revenue indicates the loss of property taxes in our district. Per the Board request, we have budgeted the same income as was received the past year.
